What our Client Says

CHRISTOPHER VANCE
CHRIS VANCE FILMS, ATLANTA

Thanks to Tihalt, I have finally found a professional website to use as my portfolio. After desperately searching for help in getting an upgrade for my page Tihalt was able to deliver in a timely manner. The rates for the web developer service is lower than the average cost and more reasonable. I recommend!

VENKAT A BEGUR
ASA GLOBAL INTERIOR SOLUTIONS

They Never stop unless the client is satisfied, I am the witness. Great service and lively support are essential to run a digital business and a digital business and Tihalt is best at it!

THIS IS HOW WE WORKS

01

BUSINESS RESEARCH

We take a brief with your company for know about your company need & we create the concept with our experience & talented people.

We do Business research before taking the projects. It is one of the most effective ways to understand customers, the market and competitors. Such a research helps companies to understand the demand and supply of the market. Using such a research will help businesses reduce costs, and create solutions or products that are targeted to the demand in the market and the correct audience.

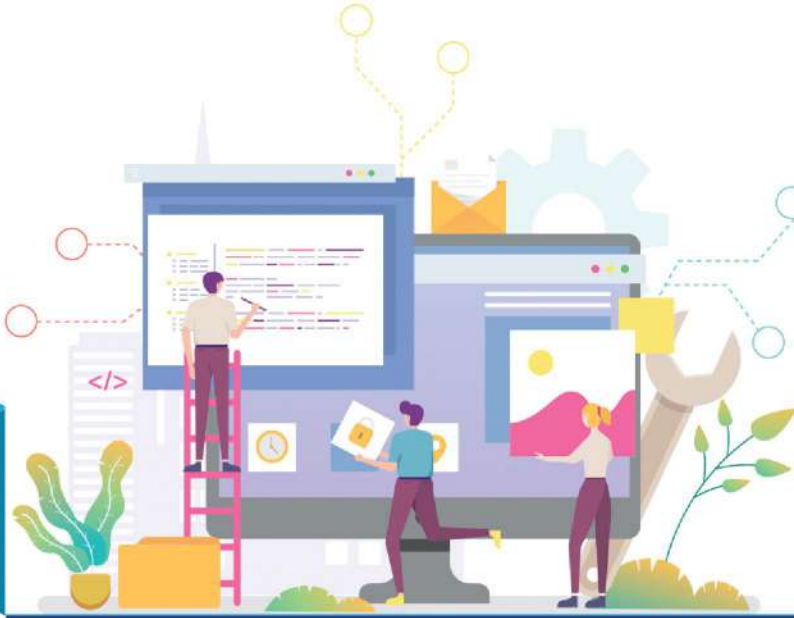

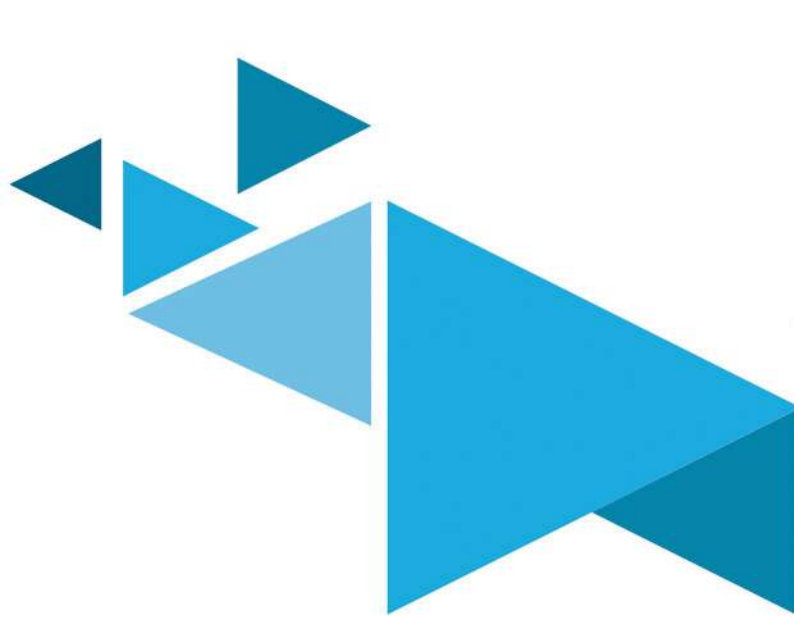

02

CREATIVE STRATEGY

This is the thinking part. We think how to give you the best solution & service for your company need with the creative strategy that bring the unique & relevant solution.

Creative strategies assist the company in reaching marketing goals, prove their ROI, and support business growth through a strategic and well-executed approach. Basically, your creative strategy is what, how, and why, you're going to reach your marketing goals and business objectives.

“Technology is driving the Innovation. Technology is driving the Creativity”

03

DESIGN PROCCESS

Make it happen! we will design & develop the solution to make the idea happen. Our team will give you the best with their skills

The Design Process is an approach for breaking down a large project into manageable chunks. Architects, engineers, scientists, and other thinkers use the design process to solve a variety of problems. Use this process to define the steps needed to tackle each project, and remember to hold to all of your ideas and sketches throughout the process.

04

MAINTENANCE

We never leave you project. We still monitoring & keep your project awesome & nothing error. this is why a lot of our client love work with us.

This is the process of tracking and enabling project activities in accordance with the project plan is an essential, but often overlooked, factor in overall project success. No matter what size projects we're managing today, an appreciation for project maintenance can only improve your chances of success.

THE TYPE OF WORKS WE DO.

RESPONSIVE DESIGN IS OUR STANDARD OF CREATING WEBSITE.

Tihalt is the best web design company in Bangalore besides the top digital marketing and SEO Agency in Bangalore. We provide web development & designing services, SEO & digital marketing consultancy services to bring your products and services to a wider public. With our branding and user-centered design, customers are engaged & brand awareness grows. Our impressive client list trusts us to deliver creative, interactive experiences for their customers across the whole range of web design, eCommerce solutions, mobile applications, and digital marketing and consultancy.

Our Services

SOFTWARE DEVELOPMENT

Tihalt provides passionate, innovative and experienced software superstars to build your products and solutions. We have expertise in PHP, Ruby on Rails, .NET, Java, Perl, MySQL, Oracle and several other technologies. Our teams practice agile methodologies to continuously and iteratively build your solution. We build a variety of custom software solutions for our clients

WEBSITE DEVELOPMENT

Tihalt create a website in responsive manner to reach our customer all kind of users. We keep in mind the modern generation user most of them reach website through the mobile and tablet. The Responsive website design creation that makes use of flexible layouts and images. The benefit of responsive automatically rearranges website view based on the device you're reading it on.

MOBILE APP DEVELOPMENT

Tihalt has dedicated Mobile App Developers who can create both Android and iOS Mobile Application. We help you in building applications for your every need, whether it is your business or enterprises. We are a team of passionate and self-sufficient professional app developers. Our experience has given us the strength to do any challenging task all by us. We have raised to the level where we help several others in completing their projects effectively.

E-COMMERCE DEVELOPMENT

At Tihalt, our e-commerce solutions revolve around your business requirements. With rich experience in delivering highly functional and secure e-commerce websites, we don't just develop e-commerce online stores, but also offers operational and maintenance services to keep your e-commerce business running in a professional way. Be it a retail or wholesale e-commerce business, we offer a complete e-commerce solution.

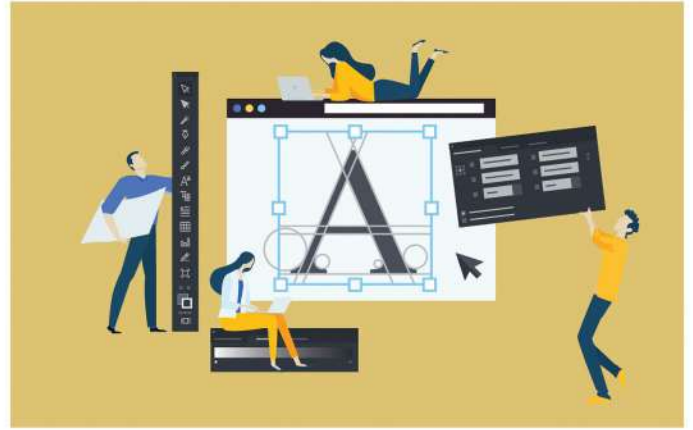

DIGITAL MARKETING

We have enough experience in digital marketing services; our digital marketing experts applied all the innovation idea to viral business success to our clients! Choosing a right Digital Marketing company for business, most of them get trapped into false and unrealistic promises made by digital marketing services. At Tihalt give Digital Creatives design & implement digital marketing strategy and planning which fits perfectly and give positive results to our clients.

SEO & SMO

Tihalt Bring our Internet marketing customer to Return on investment through organic SEO and SMO services. Before we start we are spoke our customer and get details of target audience and their services based keywords. Based on that we will give a suggestion of keyword analyses, keyword computation and competitor reports to understand the current market. We are increasing your website traffics and backlink via SEO, SMM and PPC.

UI & UX DESIGNS

we are going to take you through the first and foremost stage of a web designing process which is Wireframing. In Wireframing, designers figure out the structure, design and flow of the content that is required for the website plan. In order to strengthen user experience in any of the application or software development, storyboard designing plays an important role. A robust software will assist in building prototypes and finally create the planned design.

CREATIVE CONTENT

At Tihalt, every assignment is a collaboration of writers, designers and the technology team. Our writer's efforts are transformed into art when it goes through the design team and then equipped with features & functions in the technical department. Quality content generated by Tihalt team of content writers translates into good products/services to the consumer, only because it is presented well. Our writers are trained to generate informative content to entertain and attract readership as potential customers.

JOHN YUANDA CREATIVE INC GROUP

Tihalt has done an excellent job on my website. They were on-time, on budget and produced a cutting-edge design for a reasonable price. Working with Tihalt was the correct decision. They took my minimal business requirements and created a website that portrayed my business in a very professional way, with very little input needed from me.
